program**

Assortment overview in stainless design

I1-1.1.

Components for production and assembly of square air-handling ductwork

A1
 Flange strips and corner pieces

Catalogue sheet

Item

A1-1.1.	Flange strip P20 stainless steel 4301
A1-1.1.	Flange strip P20 stainless steel 4571
A1-1.1.	Flange strip P30 stainless steel 4301
A1-1.1.	Corner piece P20/3 stainless steel 4301
A1-1.1.	Corner piece P20/3 stainless steel 4571
A1-1.1.	Corner piece P30/4 stainless steel 4301
A1-1.1.	Corner piece P30/4 stainless steel 4571

A2
 Accessory flange joints

Catalogue sheet

Item

A2-1.1.	C-strip stainless steel
----------------	-------------------------

A3
 Accessories for production of square air-handling ductwork

Catalogue sheet

Item

A3-1.1.	Access doors
----------------	--------------

Components for production and assembly of circular air-handling ductwork

B1
 Circular flanges

Catalogue sheet

Item

B1-1.1.	Pressed circular flanges
B1-2.1.	Circular flanges AF
B1-3.1.	Circular flanges LF
B1-4.1.	Tightening rings SR, SR-T

B3
 Access doors

Catalogue sheet

Item

B3-1.1.	Access doors
----------------	--------------

Construction kits

C3
 Kit of rainproof louver

Catalogue sheet

Item

C3-4.1.	PZ-STAINLESS
----------------	--------------

Suspension technology

E2
 Suspension elements

Catalogue sheet

Item

E2-1.1.	ZL hanger
E2-1.1.	ZZ hanger
E2-2.1.	Circular hanger
E2-3.1.	Threaded rods
